

CLIMATE CHANGE

Massive fires

Species moving to cooler areas on land and in oceans

Extended droughts

Flowers blooming early

Temperatures rising

Diseases spreading faster

Birds disappearing

Storm Surges

Heatwaves

Powerful hurricanes

Changing?...Well...Everything

What can you do to decrease the emissions of CO₂?

Virtual Talk!

**Monday, October 12
6:00 pm - 7:30 pm**

River Falls Public Library
Facebook Live or Youtube Channel

Terry L. Root

Nobel Peace Prize (IPCC Member) Recipient
Professor Emerita at Stanford University

"Thankfully, there are many things that we can do, collectively and individually, to decrease the emissions of CO₂. We just need the will to do it."

Extended WiFi access is available 24 hours a day in the library parking lot, and around the building.
